For the attention of Alan Taggart

Dear Alan

Review of Company performance 2002 to ongoing 2008

Further to discussions at the last update meeting with yourselves, we are pleased to confirm our continued satisfaction with the maintenance and support provided by System IT.

For the last six years, System IT has been a key service provider in the controlled and managed growth of our organization. Currently with three office set ups and now on average twenty five live building sites, the low maintenance and call outs are testament to the professional and efficient support provided.

We look forward to the continuing business relationship over the coming years.

Yours faithfully
